Agricultural - Grow More Food - Five Year Plan for Agricultura
Schemes for 1947-48 to 1951-52 - Breakdown of over all targe
Furnished to Government of India - Papers recorded.

Development Department

LETTER NO.MS. 56063 AIII/47-10, DATED 20-1-48.

To

The Secretary to the Government of India,
Ministry of Agriculture,
New Delhi . (With ancls).

Sir,

Sub: Agriculture - Grow More Food - Five Year Plan for Agricultural Schemes for 1947-48/Breakdown of overall targets.

**** ***** ****

In continuance of this Government's letter No.2536 Development dated 9-6-47, I am directed to state that the overall target of increased production of rice during the five year period from 1947-48 to 1951-52 has been fixed at 5.5 lakhs tons for schemes relating to the Agricultural Department. The balance of 1 lakh tons has been fixed for Irrigation and Well Subsidy Schemes dealt with in Public Works Re and Revenue Departments.

2. Statement No. 1 enclosed to this letter gives the distribution of the target among the following 3 categories of schemes relating to Agricultural Department during each year in the five year period:-

(i) Manuring paddy crop with sulphate of ammonia
(ii) Manuring paddy crop with oil cakes with or without phosphates; and
(iii) Multiplication and distribution of improved seeds of paddy.

Statement No. 2 shows the district war targets of production by distribution of oil cakes and sulphate of ammonia each year in the five year period.

Statement No. 3 shows the district war acreage target for increased production by the use of improved strains of paddy

The taluk and firka targets for each of the 3 schemes in the five year period will be fixed by the District Agricultural Officers concerned subject to approval by the Director of Agriculture.

3. The breakdown of the target of 1 lakh tons of rice relating to the Irrigation and Well Subsidy schemes will be settled by the Revenue and Public Works Departments and communicated to the Government of India, separately.

4. I am to add that these targets are subject to the assumption that other things are equal. This year the North East Monsoon has failed in this Province. It is doubtful if the target for 1947-48 will actually be realised in full, where the target is not attained in full in a particular year, the schemes may have to be continued in the next year or years to make up the balance.

Letter No. 16204 A III/48-5, dated 18-5-1948

To

The Secretary to the Government of India,
Ministry of Agriculture,
New Delhi (With encls.)

Sir,

Sub: Agriculture - Grow More Food - Five Year Plan for agricultural schemes 1947-48 to 1951-52 Break-down of overall target.

*** *** ***

I am directed to invite a reference to my letter No. 56063 A III/47-10 dated 20-1-48 on the above subject and to request that the revised statement for the targets of improved seeds enclosed to this letter may kindly be substituted for Statement III enclosed to the previous letter. In Statement I enclosed to that letter the total production in terms of rice at the end of the fifth year typed as 8,51,100 tons may kindly be corrected as 5,51,100 tons.
